What tools does the church offer us to participate synodically in these moments?

LAUDATO SI'

After 8 years,
it still remains
incredibly important.
Read it with
your community

A GUIDE TO CARING FOR OUR LIVING PLANET

This booklet,
in light of Laudato Si', informs,
raises awareness and offers
practical advice
on caring for creation

NOW IT'S OUR TURN!

We are invited to organize a "Laudato Si'" moment in the diocese or in our community!

The screening of the film, a moment of prayer, or action on the ground,
all contribute to the creation of a society that takes caring for our common home to heart.
